

Special arrangements for students and young engineers

**Engineering Congress on
Alternative Energy Applications**

Kuwait, 2 - 6 November 2009

Come to Kuwait to discuss future energy solutions!

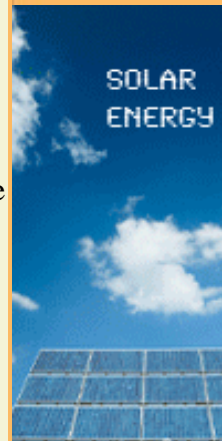

One of the most challenging tasks of our time is to provide sustainable energy resources. The discussion of adequate solutions needs the inclusion of the worldwide technical community - engineers and engineering students. In the face of this challenge, WFEO and the Kuwait Society of Engineers (KSE) have decided to offer highly attractive conditions for participants who come within delegations (groups) to the

**Engineering Congress on
"Alternative Energy Applications - Option or Necessity?"
Kuwait , 02 - 06 November 2009**

The congress will be organized by the Kuwait Society of Engineers (KSE), under the aegis of the WFEO World Federation of Engineering Organizations, and stands under the patronage of H.H. the Amir of Kuwait . The five-day event in Kuwait will include the **Engineering Congress** , an **Engineering Exhibition on Alternative Energy** , and the meeting of the **WFEO General Assembly** .

Attractive discounts for delegations with 5+ participants

The Kuwait Society of Engineers (KSE) will actively support and sponsor a delegation from your country, and offers therefore the following conditions for participants within groups:

- for delegations with 5+ registrants: 20 % discount,
- for 10+ registrants: 40 % discount,
- for 15+ registrants: 60 % discount on the congress fees.

(Individual registrants and authors: US\$ 250 for registration before July 15, 2009 ; afterwards US\$ 350 / authors: US\$ 250)

KSE offers special **discounts on hotel accommodation and on air flight tickets** when booking through the travel agency of KSE (please contact KSE for the specific rates from your country).

We invite you cordially to organize the participation of a delegation from your country to use this excellent chance not only to take part at this important congress but also to find an outstanding global professional communication platform.

Free participation in the congress and support for students and young engineers

Additional support will be given for students and young engineers :

- **No congress fees**
- **Free shuttle services** between airport and hotel as well as between hotel and congress center.
- **Accommodation 50 % discount, only for students*:**

	Prices	Single room	Double room (Sharing)
For 5 nights	Original price	345 US \$	216 US \$
	KSE price *	172 US \$	108 US \$
For 6 nights	Original price	414 US \$	259 US \$
	KSE price *	207 US \$	129 US \$

An international Students' Task Force has already started to prepare special students' activities, e. g. a students' forum in the Internet and at the congress, where they can discuss and formulate their own answers to appropriate energy technologies and applications of tomorrow.
