

UPADI: punto de encuentro

UPADI Members organizations
Advisory Council Members
Technical Council Members
Other associations

For Costa Rican engineering is a great honor to formally launch our management as headquarters UPADI for the period 1, from February 2009 to January 31th 2013. We wish to thank the support, and we hope that, with the help of all Panamerican engineering, execute the strategic planning and work plan proposed by our country. With the signature of the formal transfer from Brazil-Febrae Headquarters to CFIA-Costa Rica, on Friday January 30th, the process of headquarters relocation conclude.

It is important to generate appropriate communication mechanisms, in order to begin a process of exchange and mutual support, in the next coming days we will be reporting on the leadership of the new UPADI web site, which is designed according to set up channels of information, and create space for strategic alliances, international technology transfer and business forums between professionals and the members associations of all countries in the world.

It is important to indicate the dedication and work of the Costa Rican team, to take special responsibility and we would like to express our motivation and confidence, with the advice, participation and commitment from all levels of the organization, in order to update and make of UPADI, the organization that the Panamerican Engineering deserves.

With the initiation of UPADI's tasks in Costa Rica, the headquarters of the organization has established a task force consisting of the following persons:
